

I am resilient

*I trust I am
moving in the
direction of my
highest self*

*Everything
I need is
right here*

*I am aligned
with the infinite
wisdom of the
universe*

*I am worthy of
receiving wealth
and prosperity
in abundance*

*I embrace my
authentic self*

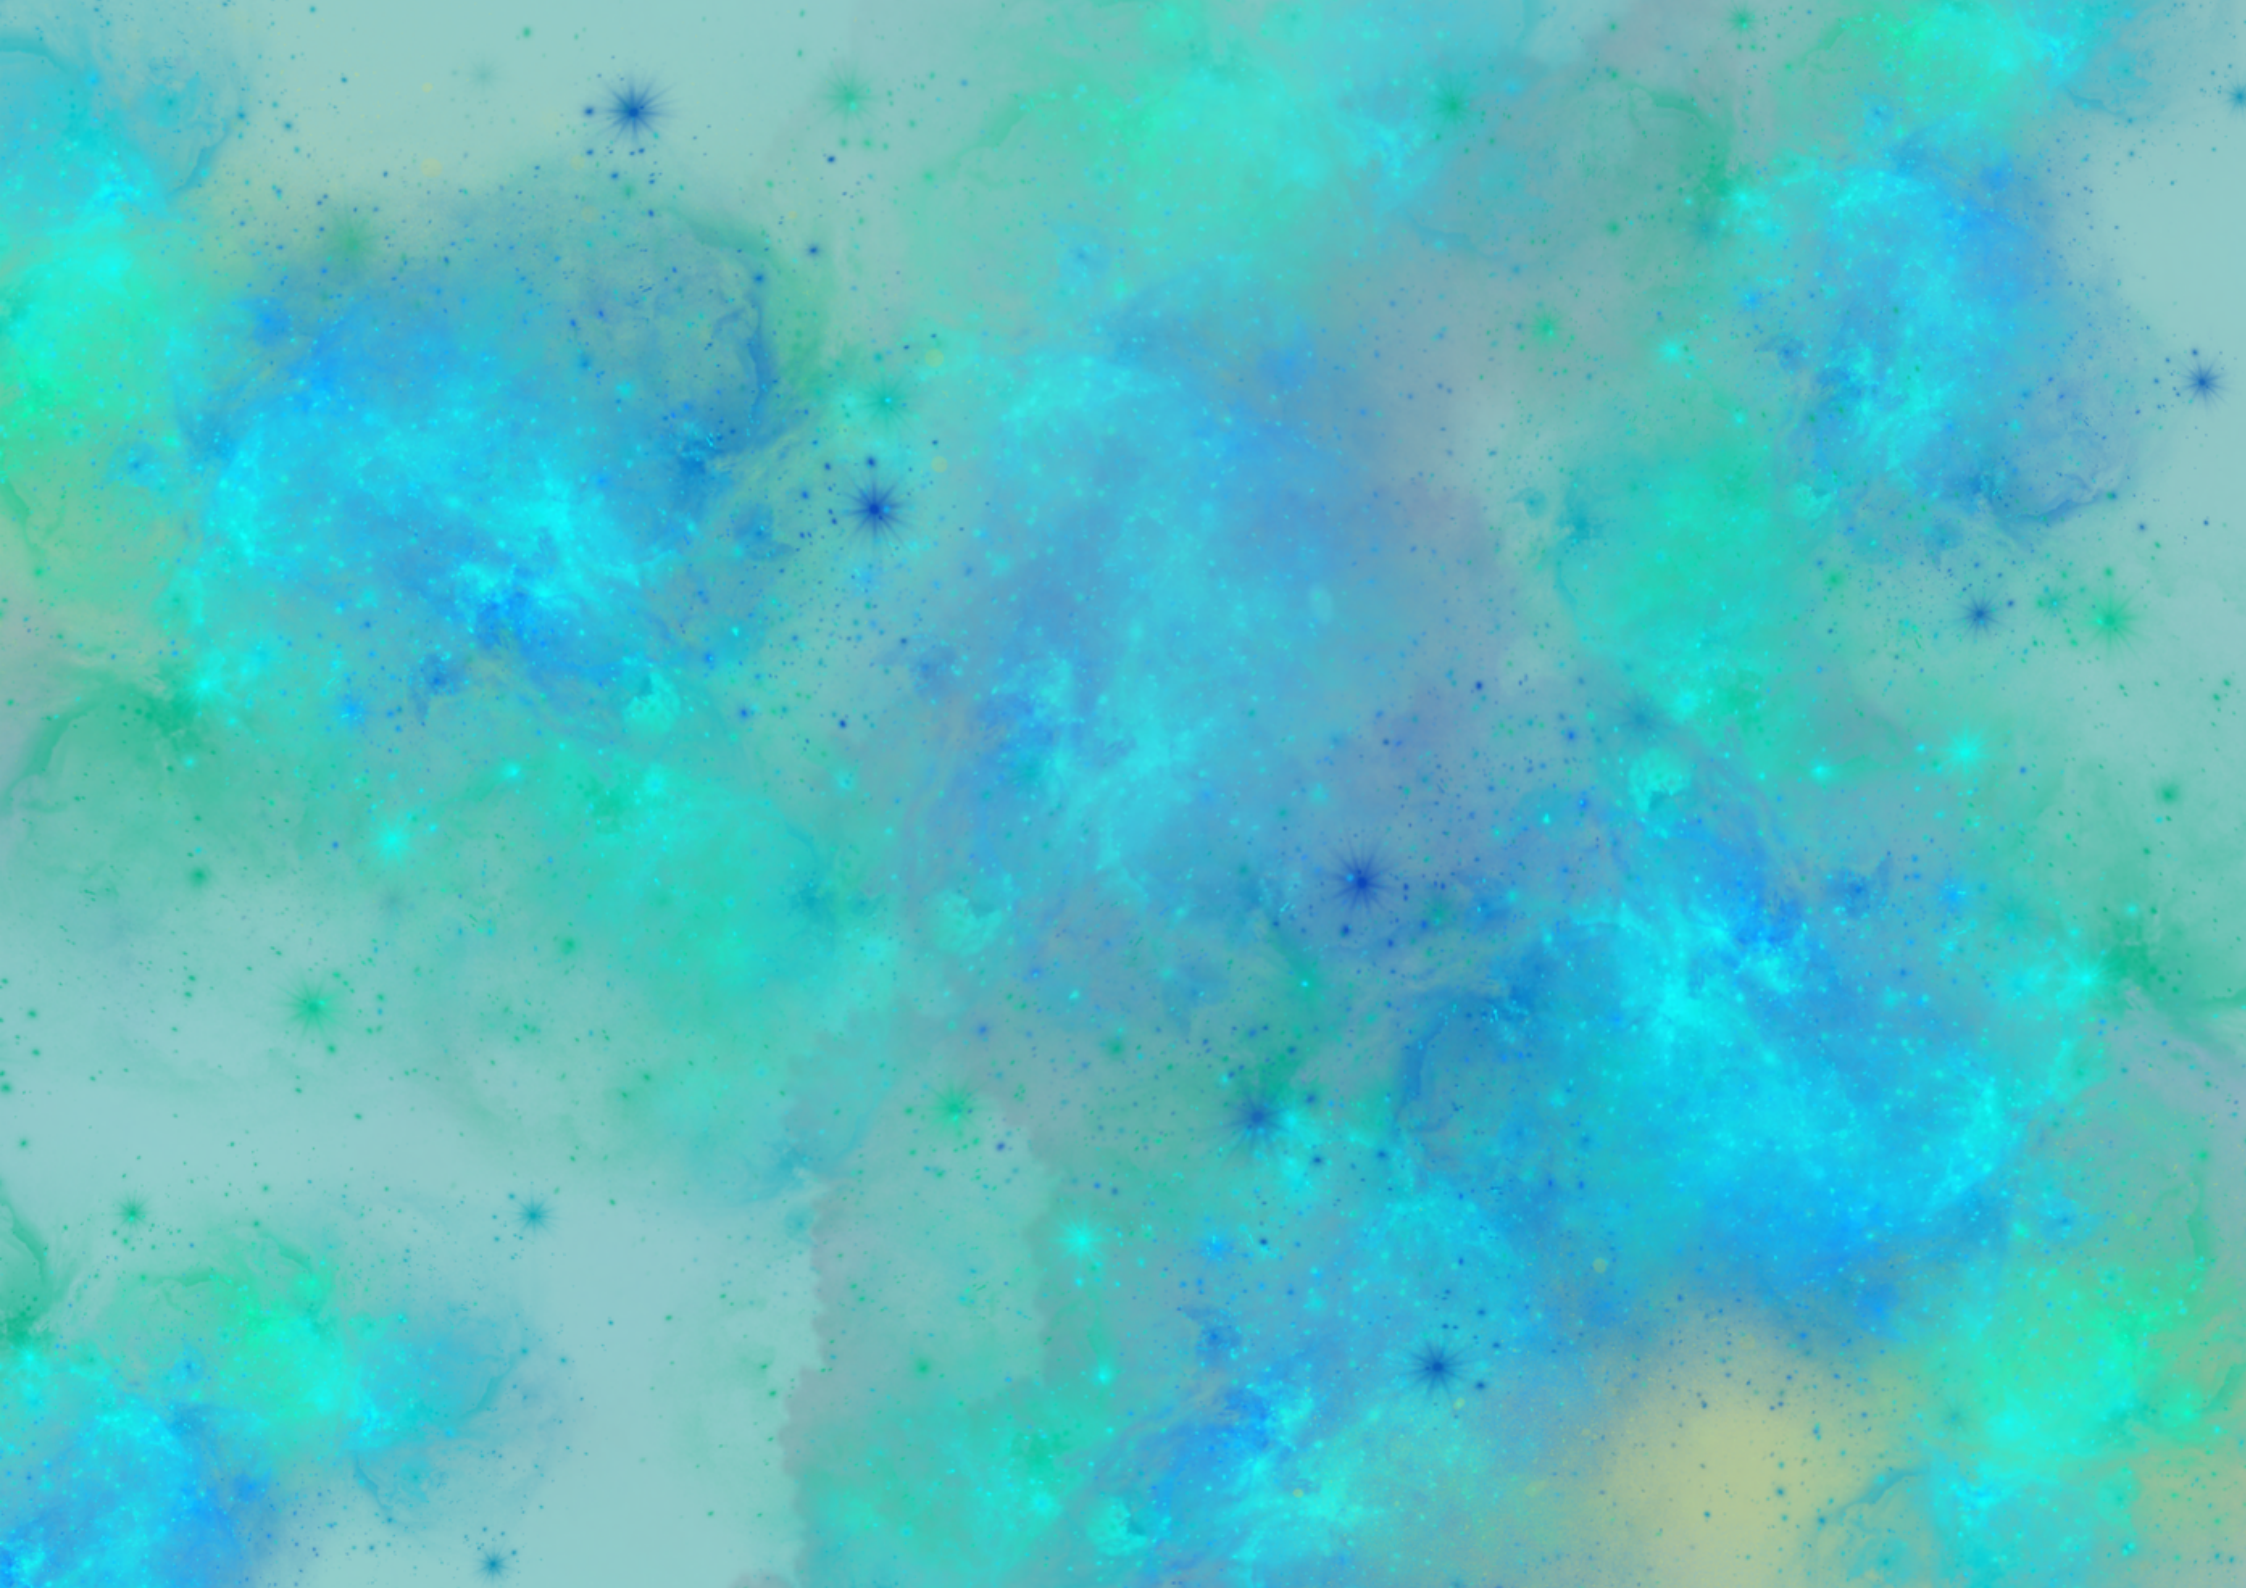

*I release all
negativity and
embrace the
power of
positivity*

*I choose to let go
of fear and
embrace new
opportunities*

Every day, I am
becoming a
better version of
myself

I trust the
journey and
can embrace
the unknown

I am a vessel of
divine light and
love

Life is filled with
gratitude, joy,
and happiness

I release any
expectations or
pressures
placed upon me

I allow myself to
freely express
my true self

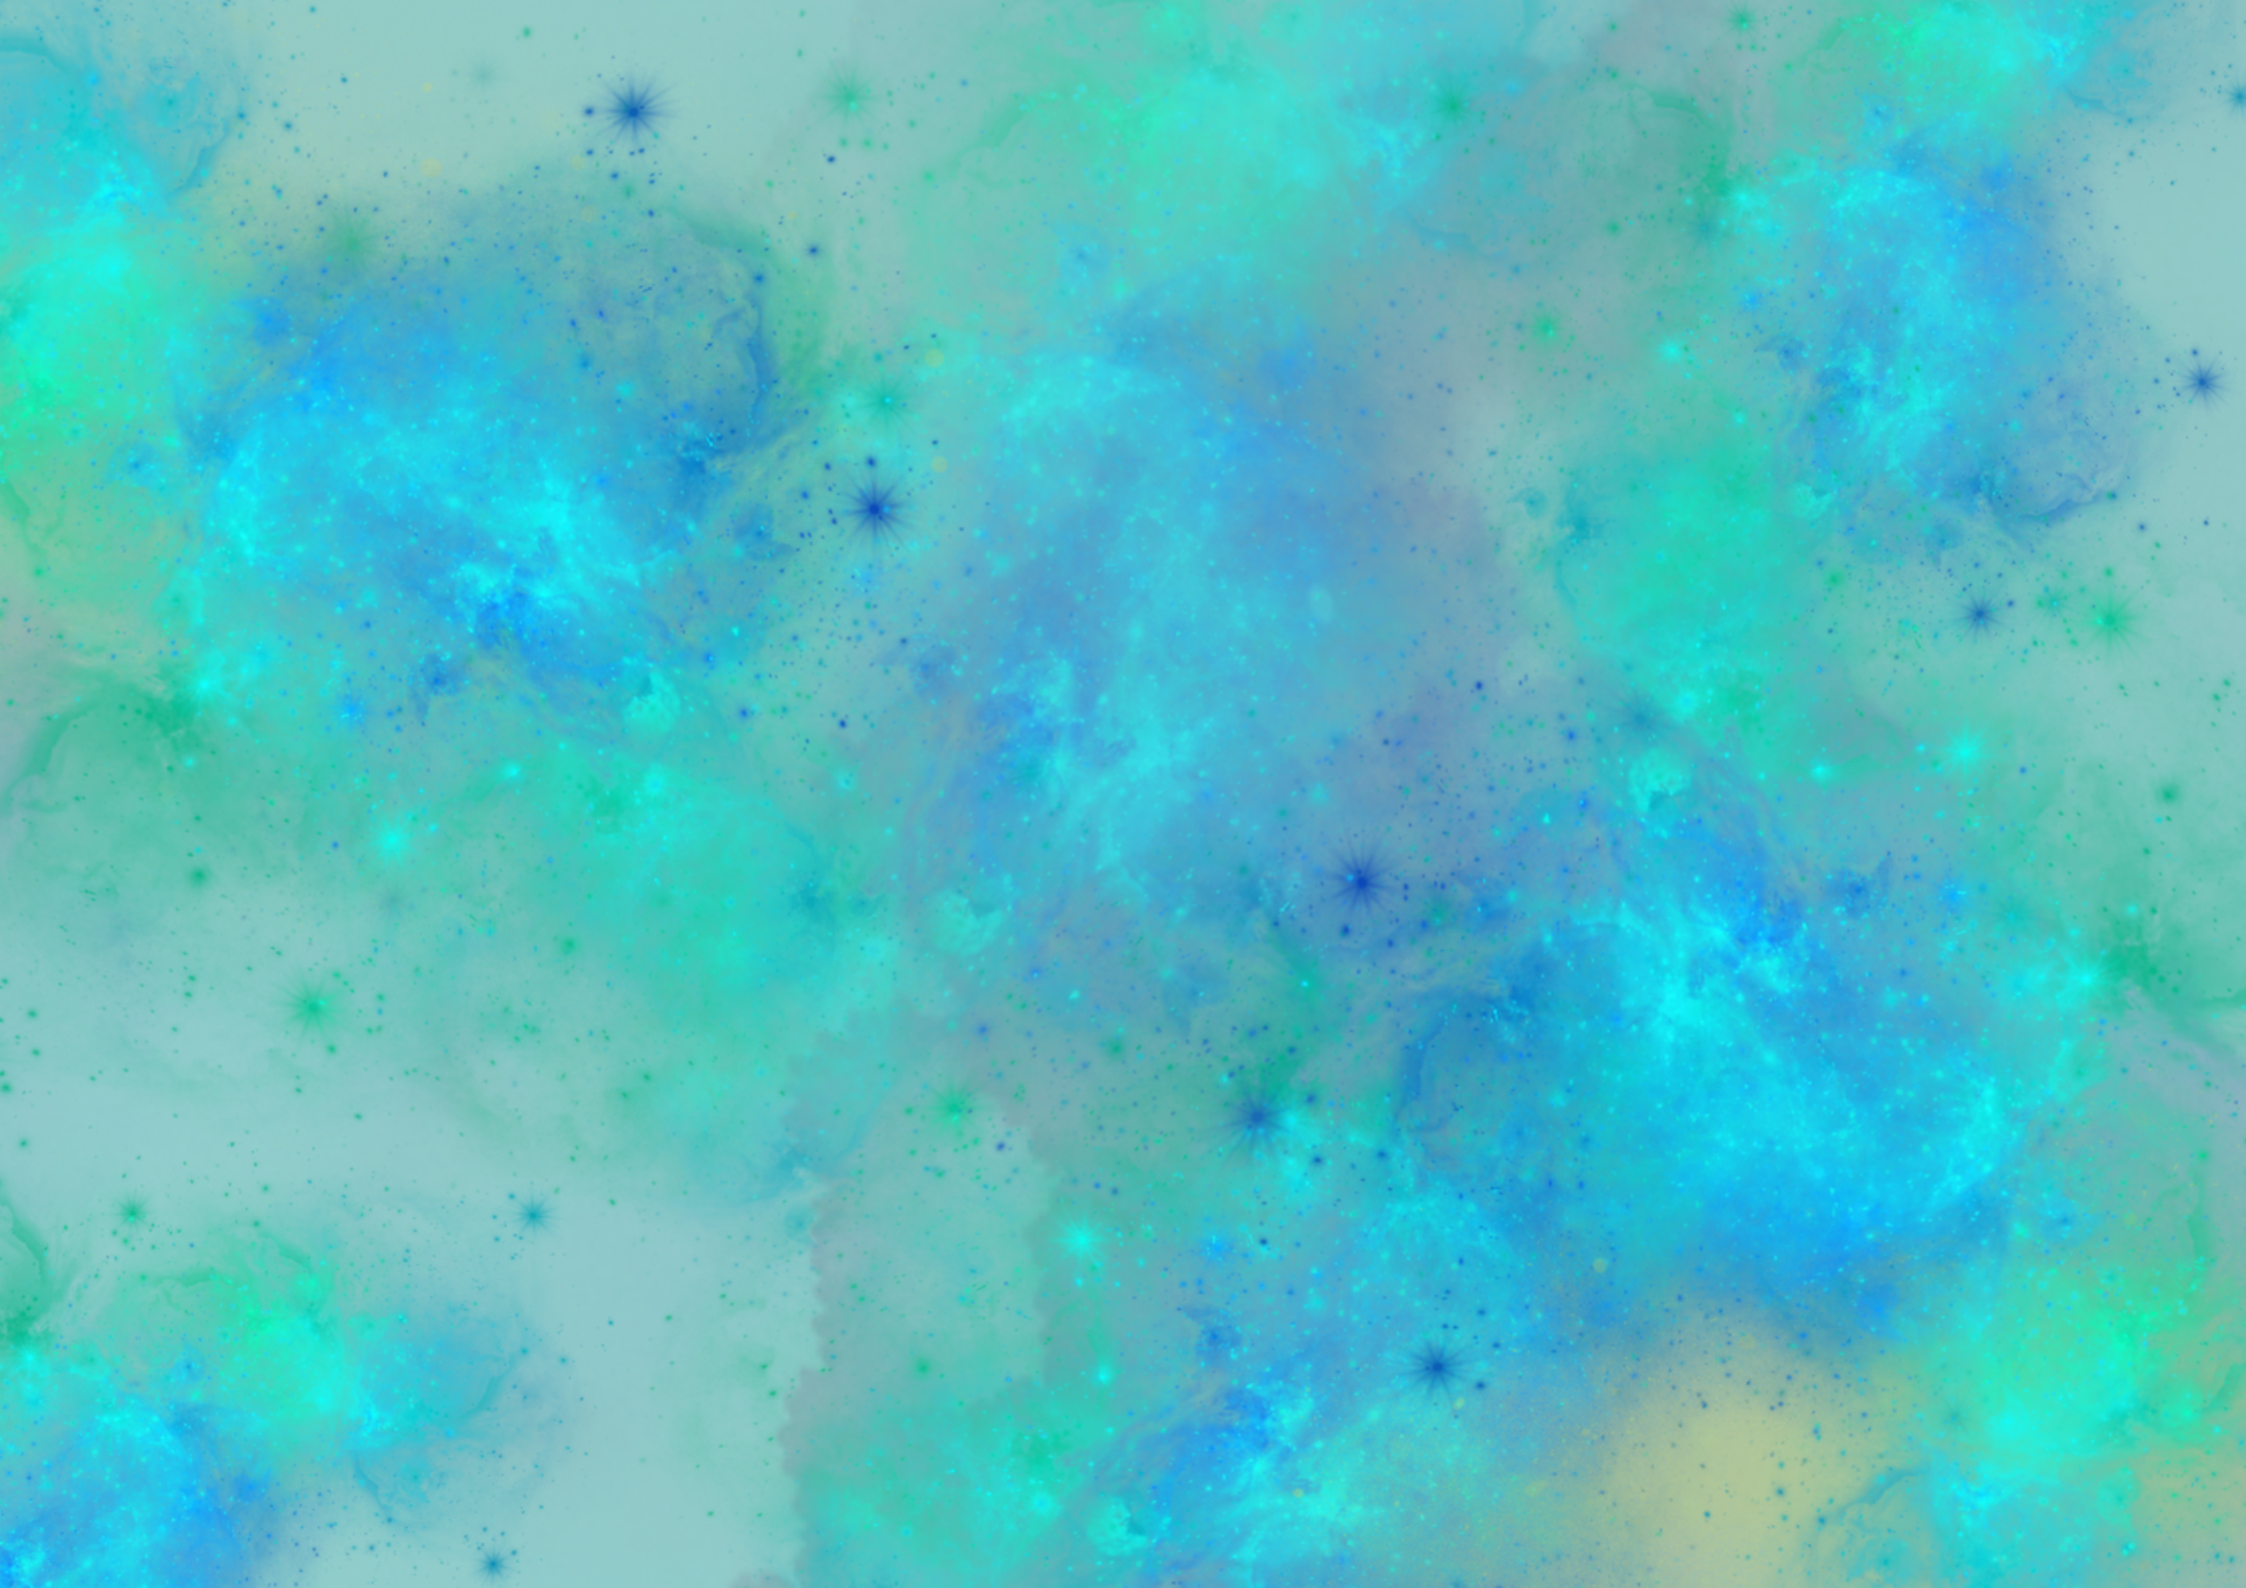

I give myself
permission to
play and have
fun

I celebrate my
uniqueness and
individuality

I choose to
forgive,
allowing space
for healing and
growth

Calmness
washes over me
with every deep
breath I take

I love
the person
that I am

Today, and
every day, I
choose joy

I allow my self to
rest, relax and
reset

I release any
blockages and
resistance

I embrace my
inner and outer
beauty, radiating
confidence and
positivity

I am enough,
and I embrace
my worthiness
of all the good
life has to offer
